How to convert a PDF to a size of 1mb - Quora

If the largest file will be about 10 MB, we would recommend setting the `upload_max_filesize` to 12M (12 MB), the `post_max_size` to 13M and the `memory_limit` to 15M. Notice, they use M instead of MB. Uploads can contain a fair bit of text information in addition to the file itself so giving everything some breathing space is a good idea.

How to Increase the WordPress Maximum Upload File Size

File Station is a built-in QTS app that enables users to manage files stored on your QNAP NAS and in your cloud space. You can easily upload files from your

computer, drag and drop files between folders, rename files, delete files, and configure file and folder permissions to prevent unauthorized access.

File explorer for QNAP NAS | File Station

I'm having the same problem this guy says he had: PHP still won't allow file uploads larger than 2 MB, although apparently he solved it. I, however, cannot find a solution. I've edited the php.ini file to the following values:
upload_max_filesize = 20M
post_max_size = 20M. I've even tried raising them to 200M, but it still limits it at 2M, according to phpinfo().

wamp - Why can I not upload files greater than 2MB? Php ...

But pdf file size is very large around 4.2MB. Already try optimized pdf, the file size did not change. In "PDF Optimizer" --> "Audit space usage", it show font size used 4.2M. In "PDF Optimizer" --> "Fonts" it did not have any embedded
