The installation manual doesnt tell you how to reset the codes if you dont know them. There are 3 codes, and you need them all. Manager, Engineer and User. When you have the Manager code, you can reset the others if needed. If it was an ADT alarm, then the numbers will not be the default '1234' etc.

Need to reset a Galaxy 2-20 alarm system ...

Engineer reset - Galaxy alarm. Commonly (and annoyingly) bigger alarm companies (like ADT / Chubb / Secom) will programme in an 'engineer reset' into the system - meaning that an engineer has to visit your site to physically reset your alarm - by putting in their special alarm code. This is a very quick / easy process, but is ...
