I also admitted that the line between historical fact and fiction is sometimes thin and permeable. My CEO friend was too polite to say so, but he may have been thinking of recent and widely publicized examples of historians' misconduct that have given the profession a black eye. Two best-selling authors admitted plagiarism.

Historical fiction - Wikipedia

Fact vs Fiction. Fact is defined as a piece of information about a circumstance that existed or events that have occurred. It is merely saying the information that is verified to be true or had actually occurred. Fact came from the Latin word "factum" meaning "event or occurrence or something done".

He knew much of it from experience, and what he did not know he could simply recreate based on the broad outlines of the facts. Thus, it seems that the "historical" component for "historical fiction" suggests two key criterion: first, a setting removed from the author's own experience; second, a recreation of that setting based on research.
