YAMAHA F350 OWNER'S MANUAL Pdf Download | ManualsLib

The trim motor will not move it up or down.You can hear the motor run when you push the up and down button. It is at the maximum "up" right now. The previous owner told me this could happen if I went too far up with the trim. He told me what to do (seemed simple at the time) but I forgot what he said and cannot get ahold of him now.
